letters, numbers & creatures prints rrp £20

Simple colourful pictures in the made with love by mrs booth signature style. Bold letters, colourful numbers and characterful creatures that would brighten up any child's bedroom or nursery wall.

The prints are supplied rolled in acid free tissue paper in a brown kraft postal tube. All four designs have been printed on recycled paper using vegetable inks.

The prints can be purchased online from: www.mrs.booth.com and www.notonthehighstreet.com.

Please contact Mrs Booth directly for a full list of stockists.

about 'made with love by mrs booth'

Made with love by mrs booth is my collection of alphabet friezes, counting and colouring books, prints, cards and stickers.

As a graphic designer, I began designing my collection when I was unable to find a suitable alphabet frieze for my own children.

A lifelong fascination with letters and numbers along with fond memories of my childhood in the seventies inspired me to create my own range of educational gifts. I use a simple graphic style to explore early reading writing and counting.

Love from Mrs Booth
